

Learning Walks

Building the Capacity for Instructional Leadership

Learning Walks are professional learning services designed to help leaders create a learning environment where teachers and students excel and grow by providing non-evaluative processes to assess the quality and efficacy of student learning and support improvements to the learning experience.

- Flexible, virtual offerings with 1:1 coaching
- Initiative and goal alignment for successful outcomes
- Digital tool to share trends and observations
- Ongoing 'post' Learning Walk support

Learning Walk Offerings

LAUNCH

Learning Walk Deep Dive into a Focus Area 6 hours

- Intro to LW tool & Process
- On-site classroom walkthroughs
- Reflect on tool & process and plan for implementation

“I loved our Learning Walk—it was purposeful and easy to replicate. I can use the tools and resources right away.”

CHELSEA BAKER, Instructional Coach

Learning Walks at a Glance

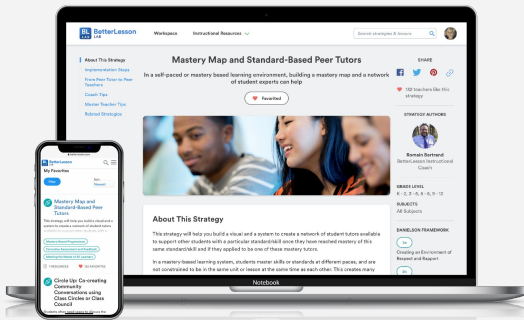

Interactive sessions and activities:

- Deep dives into instructional focus areas and identifying 'look-fors'
- Classroom walk-throughs and observations
- Reflection on observations and identifying trends of success and improvement

Access to the online BetterLesson Lab, which houses thousands of high-quality instructional materials

Ideal for schools and districts seeking to:

- Develop leaders' skills in making evidence-based, student-centered observations
- Identify trends in teacher practices to inform PD planning—especially after launching a new curriculum or instructional shift
